Bandolino and Canoncita Entrance Refurbishing- DONE

On Saturday March 10th, 10 of your neighbors along with a couple of day laborers took on the huge task of tearing out all of the old landscaping in the Bandolino & Canoncita entrances, till the soil, added nutrients and planted new plants. As easy as that may sound, I can absolutely attest to the fact that it was brutal! The ground was like concrete and some of those shrubs had been there for a long time, even though they were dead, they were not easy to pull out.

I can't thank those who helped enough for all of your hard work and dedication to see this project to the end. The updated look of those entrances is nice, and yes, simple...especially compared to what was there. The plants we chose can handle the Texas heat and current water restrictions well. As time and money continue we may choose to add to the beds but first we'll give these plants time to mature and see what else needs to be done.

THANK YOU! Marshall, Jane, Deb, Gregg, Mike, Christian, Cathy, Tom, Chris and Dave...you're the **BEST!**

Thank you!
